

B Charan Kumar Reddy

LinkedIn: <https://www.linkedin.com/in/charan8289>
 GitHub: <https://github.com/CHARAN8289>

Email: charankumarreddy8289@gmail.com
 Mobile: +91-8340834243

SKILLS

Languages: C++, Java, C, Python, HTML, CSS, SQL
Libraries: Pandas, NumPy, Matplotlib
Tools: Power BI, Excel, MySQL, VS Code, Google Collab, GitHub
Core CS Fundamentals: Data Structures & Algorithms (DSA), Computer Networks
Soft Skills: Problem-Solving, Adaptability, Time Management

WORK EXPERIENCE

Freelance AI Prompt Engineer – Outlier
Aug' 2024-jan' 2025

- Trained and fine-tuned AI language models by providing structured prompts and high-quality input data for diverse domain
- Conducted evaluation of model outputs to ensure accuracy, consistency, and alignment with project guidelines.
- Improved model performance through iterative feedback loops and prompt adjustments during training.
- Collaborated with cross-functional teams to refine dataset quality, ensuring optimized AI responses for real-world applications.
- Designed creative and context-specific prompts to enhance model reasoning, comprehension, and user interaction.

PROJECTS

Dynamic Memory Management Visualizer | [GitHub](#)
Sep.2024

- Developed a hands-on visualization tool that simulates dynamic memory allocation in C.
- The application graphically displays how memory blocks are allocated, reallocated, and freed in real time, providing clear insights into heap structure, fragmentation, and pointer behavior.
- Integrated step-by-step execution mode, allowing students to observe memory allocation events in controlled sequence.

Smart Car Parking System
Mar'2025

- Designed and implemented a Smart Parking System using IR sensors, reducing manual monitoring and improving parking efficiency.
- Enhanced system reliability by calibrating IR modules for accurate detection under varying light conditions.
- Optimized sensor placement to maximize detection accuracy and minimize false triggers caused by environmental noise.

TRAINING

Data Structures Algorithms - Cipher Schools | [Certificate](#)
June' 2025

- Applied data structures and algorithmic techniques to solve computational problems efficiently using C/Python.
- Implemented core structures such as linked lists, stacks, queues, trees, heaps, and graphs, with focus on optimization.

CERTIFICATES

- The Bits and Bytes of Computer Networking - Google | [Certificate](#) Sep' 2024
- Fundamentals of Network Communication - Coursera| [Certificate](#) Sep' 2024
- Computational Theory - Infosys | [Certificate](#) Aug' 2025
- Build Generative AI Apps and Solutions with No-Code Tools – Infosys | [Certificate](#) Aug' 2025
- YouTube and Video Marketing – Skill up | [Certificate](#) Oct'2023

CO-CURRICULAR ACTIVITIES

Community Development Volunteer
June' 2023

- Participated in a CPD community project by distributing food to underprivileged individuals, contributing to social welfare and community support.

EDUCATION

Lovely Professional University
Punjab, India
 Bachelor of Technology - Computer Science and Engineering; **CGPA: 6.0**
Aug' 2023 – May' 2027

Valley oak Junior College
Manikonda, TG
 Intermediate (PCM); **Percentage: 86%**
Apr' 2021 – March' 2023

RGM International School
Nandyal, Andhra Pradesh
 Matriculation; **Percentage: 85%**
Apr' 2020 – March' 2021
